

James P. Doyle

PARTNER

Jim Doyle practices primarily in the areas of patent, trademark, trade-dress, unfair competition and products liability litigation, in various industries including pharmaceuticals, basic chemicals, retail packaging and internet domain-name disputes. Mr. Doyle has an active intellectual property counseling practice, including opinion work, interference and reexamination practice, and patent and trademark prosecution. He is a member of the firm's Patent Litigation and BioMedical Practice Groups.

Practice Areas

- » BioMedical Practice Group
- » Complex Litigation
- » Intellectual Property

Mr. Doyle's patent litigation experience includes representation of ExxonMobil Chemical Co., BASF Corporation, Emerson Process Management (Rosemount), Purdue Pharma, Mylan Laboratories and Boehringer-Ingelheim Corporation (Roxane Laboratories, Ben Venue, and Bedford Laboratories), Actavis Inc., Mutual Pharmaceutical Co., and Kiss Nail Products Inc. A significant portion of his practice involves the defense of generic pharmaceutical companies in patent infringement actions brought pursuant to the Hatch-Waxman Act. Representative examples of products involved in other patent cases include polyolefins, polymeric films, and polyurethane foams, low-power microwave radar devices, medical devices, sportswear and cosmetic products.

Mr. Doyle's litigation practice also includes trademark and copyright actions and many areas of complex litigation, including products liability, unfair competition and false advertising. He has handled trademark cases for a major software company and products liability cases for Yamaha Motor Corporation. His counseling practice includes working closely with clients to design and implement intellectual property strategies, including patentability and freedom-to-operate opinions.

Matters Mr. Doyle has handled include:
