Ti Chen

ASSOCIATE

Ti Chen is an associate in the Firm's Intellectual Property and BioMedical Practice Groups.

Mr. Chen provides counseling and litigation services regarding patent issues in a variety of industries, including the pharmaceutical and chemical industries. He has extensive research experience with organic synthesis, structure elucidation, medicinal chemistry, combinatorial chemistry and the development of new synthetic methodologies.

Prior to joining the firm, Mr. Chen performed hands-on work in the pharmaceutical industry for 12 years. Specifically, Mr. Chen performed anti-tumor and CNS drug discovery research at Bristol-Myers Squibb Company and supported drug discovery and pharmaceutical development at Boehringer Ingelheim Pharmaceuticals, Inc.
